Mayor Schleren to Preside at the Cypress Hills Exercises.

Judging by the programme prepared by the G. A. R. men, Memorial Day next

Wednesday, will be more widely observed than ever before. The elaborate character of the plans laid out certainly indicates that the old soldiers intend to pay their sleeping comrades a tribute

worthy of the cause they fought for thirty years ago.

The Committee promises the largest turnout of veterans in years, and it is estimated that there will be between 3,000 and 5,000 school children in line.

The patriotic small boy and that large part of the mature public that dotes on the military will doubtless be disappointed that the milital will not take a more active part in the demonstration. The Ninth Regiment, Sixty-ninth Hattalios and Troop A, will be in line, but the Seventh, Twenty-second, Seventy-first, Eighth and Twelfth Regiments, with their thousand bayonets each and all their panoply of war, will be missing from the event.

The Committee of the G. A. R. wrote to Gen. Flizgerald, inviting the National Guard. The General repiled in a very courteous letter, saying that the troops had been and would be called upon to do so much duty this Spring and Summer that he did not feel like ordering them out. However, he would write a letter to the Colonel of each command and leave it to his discretion whether or not to volunteer. The Ninth, the Sixty-minth Battalion and Troop A alone sent favorable replies.
